

Schools Against Waste

activity pack (Recycle More edition)

4. Recycle (answers)

Can you sort it? Compare which items you put in the different containers with the answers below. If you didn't get some of the answers right, look at the [full list of what goes where online](http://www.somersetwaste.gov.uk/recycling-collections) at [somersetwaste.gov.uk/recycling-collections](http://www.somersetwaste.gov.uk/recycling-collections).

Food recycling bin

Fruit waste

Plate scrapings

Mouldy food

Recycling boxes and the Bright Blue Bag

Cardboard

Juice cartons

Glass bottle

Drinks can

Plastic bottle

Plastic pots/tubs

Schools Against Waste

activity pack for primary children

5. Beyond the kerb (answers)

Have you ever wondered what happens to your recycling once it has been collected from the kerbside? All of the items are broken down and made into new products.

The lines below link the recyclable items to the correct recycling process and the new product they have been made into. To find out more about what happens to your after recyclable materials after collection, see section 7.

Recyclable item

Recycling process before making something new

New product
